

ELF MOTO CHAIN LUBE

DATA SHEET

DESCRIPTION

ELF MOTO CHAIN LUBE is a very high performance grease for motorcycle chains. It has been specially formulated to give optimal lubrication in the most severe conditions.

APPLICATIONS

- **DRIVING CHAINS**
- **ALL CONDITIONS**
- **VERY HEAVY DUTY**

Specially designed for lubricating drive chains (all types of motorcycles).

The perfect grease for all conditions of use (touring and racing, roads and off-road).

Particularly recommended when the chain has to cope with very severe conditions as well as external pollution (mud, water, etc.).

CUSTOMER BENEFITS

- **EXTENDS CHAIN LIFE**
- **ANTI CORROSION**
- **WITHSTANDS WATER**
- **FLUIDITY SPECIAL CONSISTENCY**
- **RESISTS SHEAR**
- **ECOLOGICAL**
- **ECONOMICAL**

The use of **ELF MOTO CHAIN LUBE** extends the lifetime of the chain.

The grease gives maximum protection against chain corrosion.

ELF MOTO CHAIN LUBE is insoluble in water, even saline.

The use of a special solvent means that **ELF MOTO CHAIN LUBE** :

- Is sufficiently fluid as it leaves the spray to be well distributed on the chain.
- Sticks very quickly, thanks to the rapid evaporation of the solvent, consistency and adherence adapted to the requirements of a motorcycle chain.

ELF MOTO CHAIN LUBE shows very good shear resistance for maximum chain protection.

The solvent used in **ELF MOTO CHAIN LUBE** is non-toxic and the CO₂ propellant does not affect the ozone layer.

A thin film of **ELF MOTO CHAIN LUBE** is sufficient.

CHARACTERISTICS

The values of the characteristics given in this table are typical values given for information only

COLOUR	yellow
FREEZING BASED OIL (°C)	-45°C
FLASH POINT (°C)	>300 °C
AUTO INFLAMMATION TEMPERATURE (°C)	>300 °C
VOLUMIC MASS AT 20°C (Kg/m³)	845
