

# MARTOL EP 1000

*Metalworking*

Oil for very difficult pressing.

## UTILISATIONS

- Pressing, difficult forming of steels or stainless steels.
- Removal : alkaline lyes, petroleum solvents.

## ADVANTAGES

- Viscous mineral oil.
- Very high extreme-pressure properties ensuring long service life of tools.
- Excellent lubricity

TYPICAL CHARACTERISTICS	METHODS	UNITS	MARTOL EP 1000
Density at 20°C	ISO 3675	kg/m <sup>3</sup>	1300
Viscosity at 40°C	ISO 3104	mm <sup>2</sup> /s	1000
Appearance	Visual	-	Light yellow liquid
Acid index	ISO 3993	mgKOH/g	0.19

Above characteristics are mean values given as an information.
