Total Competition is a major sponsor to Great Wall Motors for Dakar Rally 2012 and also Dakar Rally 2013.

The great results Great Wall Motors’ Haval SUV Dakar Team achieved (Ranked #6 and #19, same in 2012 & 2013) will further enhance this co-operation.

Total & Great Wall Motors a shared passion

In addition, Total Competition is a major sponsor to Great Wall Motors for Dakar Rally 2012 and also Dakar Rally 2013.

The great results Great Wall Motors’ Haval SUV Dakar Team achieved (Ranked #6 and #19, same in 2012 & 2013) will further enhance this co-operation.
TOTAL QUARTZ INEO MC3 5W-30
ACEA C3 • API SN/CF
Synthetic technology and low SAPS* new generation oil formulated to ensure optimal performance of the particulate filter and avoid early replacement.
In addition, this product:
- Extends intervals between changes.
- Provides excellent engine protection and prolongs engine life thanks to its high-tech additive content.
- Provides instant lubrication for an easier cold start.
- Ensures greater engine reliability and remarkable cleanliness.

TOTAL QUARTZ 9000 5W-40
ACEA A3/B4 • API SN/CF
Synthetic-technology lubricant offers extra-long intervals between oil changes and outstanding oxidation resistance. Suitable for gasoline and diesel engines.
Extra-long intervals between oil changes.
Outstanding engine protection.
Improves performances.
“Recommended in owner’s manual”

TOTAL QUARTZ 7000 10W-40
TOTAL QUARTZ 7000 15W-50
ACEA A3/B4 • API SL/CF
Synthetic-based lubricant formulated to maintain the engine’s original performance. Adapted to normal operating conditions.
Engine protection.
Long engine life.
Standard interval between changes.

TOTAL QUARTZ 5000 15W-40
TOTAL QUARTZ 5000 20W-50
ACEA A3/B3 • API SL/CF
For all gasoline engines and also suitable for diesel engine.
Engine protection.
Engine cleanliness.
Standard interval drain.

All these products suit perfectly to Great Wall vehicles’ requirements.

Engine Lubricants

TOTAL QUARTZ is a premium range comprising top-quality products that meet the most stringent requirements. Total Lubrifiants proposes not only engine lubricants but also transmission fluids, brake fluids and coolants.

*Low SAPS= low content of sulphated ash, phosphorus and sulfur
TOTAL Transmission SYN FE 75W-90

- Very high performance multigrade synthetic oil for the lubrication of highly loaded gears.
- Outstanding extreme-pressure and antiwear properties.
- Excellent resistance to oxidation and high shear stability.
- Certified by TUV in 2009: after tests carried out in Millbrook (UK) on a Euro 4 truck, the TUV confirms that the combined use of this product together with a Fuel Economy engine help save 3% of fuel on average.

Fluide G3 DEXRON III

- Recommended for all automatic transmissions and hydraulic systems.
- Very high thermal stability, high antioxidant and detergent level.
- Precise and smooth automatic shifting even at very low speed.
- High antiwear, anticorrosion and antifoam performances.

TOTAL COOLELF AUTO SUPRA -37°C

- Recommended for all automatic transmissions and hydraulic systems.
- An extended service life (5 years).
- Under extensive testing, GLACELF AUTO SUPRA demonstrated superior protection up to 250,000 km (2000 hours) in passenger cars.
- A long-term protection against corrosion, cavitation and deposits.
- Non-toxic additives - the products are harmless to the population and to the environment.

TOTAL HBF4

- Recommended for brake and clutch systems of all vehicles using synthetic fluids.
- Very high dry and wet boiling points, adjusted to ever increasing temperatures encountered in braking systems.
- Resistant to moisture absorption.
- Viscosity suitable at cold as well as high temperatures.

All these products suit perfectly to Great Wall vehicles’ requirements.
